

Announcement

The 5th Helsinki International Workshop on Breast Augmentation and Reconstruction by WAL Fat Grafting Saturday 31th of January 2015

We have the pleasure to invite you to the 5th International BEAULI (Brest Augmentation and reconstruction by Lipotransfer) workshop in Finland.

Fat grafting is an old plastic surgical method for the scar and face treatments. WAL technique with BODY JET, ECO and Lipocollectors has made quick large-volume fat grafting possible. In Finland the first WAL fat grafting procedures were made in October 2008 and since then there have been altogether over 1400 cases.

The workshop is organized in co-operation with **Laser Tilkka**. The clinic is a private hospital in central Helsinki, specialized in plastic, bariatric, gynaecological and general surgery.

The lecturers and demonstrators of the meeting are as follows:

Course chairman Plastic surgeon, Dr. Anna Höckerstedt, Helsinki

Plastic surgeon, Dr. Hilikka Peltoniemi, Helsinki – Most experienced clinician of the WAL technique in aesthetic breast augmentation in Scandinavia.

Plastic surgeon, Dr. Susanna Kauhanen, Helsinki– Experienced with WAL-fat grafting in reconstructive surgery.

Dr. Inge Matthiesen, Human Med, Germany – Latest scientific studies on fat grafting and stem cell applications.

The accomodation of the meeting is arranged at Hotel Scandic Park, downtown Helsinki, Mannerheimintie 46, 00260 Helsinki

Course address: Laser Tilkka, Mannerheimintie 164, 00300 Helsinki

Course fee: Registration before 31.12.2014 250 € (excl. VAT) and during 1.-15.1.2015 350 € (excl.VAT)

Registration: info@upviser.fi or your local representative

Hotel rates: 100 -120 € *Please note: The hotel stay fee is not included in the workshop fee and please book independently, mention UpViser workshop.*
